

Malvern Area Betterment Association Purpose: *To foster and promote good community relationships among all persons and groups in our city and the surrounding area; to encourage a spirit of cooperation in seeking and implementing ways to improve our total community life through sponsorship of: cultural events, beautification and 'youth engaging' projects, fundraising to improve public facilities, erecting or maintaining public buildings, monuments, or works; combating community deterioration, and lessening the burdens of local city government.*

Dear MABA Members:

Progress doesn't happen without people; their *volunteering*, their *ideas*, their *time* and their *money*. We are asking for part or all of those things from you now and for years to come. You have been a part of the most innovative group in the area, and would like you to continue that support.

Our impact is being felt throughout the community. In 2009, MABA helped to generate an estimated \$10,000 spent at local businesses through our events and attractions, including our flagship project, "The Gateway of Chaos". Nearly 2,000 people attended our haunt this past Halloween Season! It is through events, like this, that we draw people to our wonderful town. Our impact in numbers will only grow as our organization, our community and pride in our community grows.

Please join us at our MABA Member Meetings at 5 p.m. (this is a seasonal time) on the first Sunday of each month in the Carnegie Conference Room of the Malvern Public Library.

Keeping our momentum and growth in mind, in the coming year, MABA plans to double our endeavors...double our membership...and with your continued support, double our impact!

As you will see on the enclosed membership form 'Membership Has Its Benefits'.

For more information on MABA find us on facebook or email us at maba.info51551@gmail.com.

Sincerely yours,

MinDee Sommerla & Richelle Walter
MABA Membership Committee
